

# NEW CISTax 50

## For Sage Line 50

### Simplify the New CISTax scheme

**IMPORTANT!**

**NEW CISTax50 is a fully functional system to simplify the New CIS Scheme and reduce the administrative burden of HMRC.**

**Designed for the smaller business in the construction industry with seamless integration to Sage Line 50 the system provides the following benefits:**

- ◆ Automates all postings to Sage and ensures that the correct entries are made.
- ◆ Links directly to HMRC web site for online verification.
- ◆ Automatically produces monthly return and internet submission for HMRC
- ◆ Supports the current CIS scheme to provide seamless transition to NEW CIS.
- ◆ Supports all payment types for subcontractors
  - ◆ Invoices
  - ◆ Timesheets
  - ◆ Certificates
  - ◆ Applications
- ◆ Enables retentions to be deducted and recorded with the correct accounting postings.
- ◆ Produces Payment Certificates with Cumulative values and retentions if required.

## PLUS

### A whole lot more

**NEWCISTax 50 is part of a suite of programs designed to simplify the accounts and job costing for builders and contractors in the construction manager.**

#### Construction Manager 50

A fully functional job costing system linked to Sage Line 50 to provide all the additional functions required to manage and control a construction company.

#### Maintenance Manager 50

Designed for companies doing a large number of small maintenance works to reduce the administrative burden of this type of work and automate sales invoicing.

#### CISApplications

A module to enable companies to produce applications for payment and track retentions and outstanding balances on monies owed.

**Construction Manager 50 will greatly simplify the NEW CIS Scheme.**
